

AMELIA A. MCNAMARA

215 Burton Hall • Smith College • Northampton MA, 01063 • (413) 585-3851
amcnamara@smith.edu • www.science.smith.edu/~amcnamara • @AmeliaMN

RESEARCH INTERESTS

Statistical computing, statistics education, data visualization, reproducible research, spatial statistics

EDUCATION

Ph.D., Statistics 2015
University of California - Los Angeles Los Angeles, CA
Dissertation: Bridging the Gap Between Tools for Learning and for Doing Statistics
Committee: Robert Gould and Fredrick Paik Schoenberg (co-chairs, statistics), Mark Handcock (statistics), Todd Millstein (computer science), Alan Kay (computer science).
B.A., Mathematics and English 2010
Macalester College St. Paul, MN

ACADEMIC APPOINTMENTS

Visiting Assistant Professor 2015-2019
Smith College Program in Statistical and Data Science Northampton, MA
MassMutual Faculty Fellow

AWARDS

Teaching Integrity in Empirical Research Faculty Fellow, Haverford College 2015-2016
Collegium of University Teaching Fellows, University of California, Los Angeles 2014-2015
Dissertation Year Fellowship, University of California, Los Angeles 2014-2015
Graduate Research Fellowship Program, National Science Foundation 2012
Chancellor's Prize Summer Fellowship, University of California, Los Angeles 2011-2012
Konhauser Prize for Mathematical Achievement, Macalester College 2010

RESEARCH AND CONSULTING

The Concord Consortium, Emeryville, CA September 2016-March 2017
Consultant
Working with William Finzer and the Common Online Data Analysis Platform (CODAP) on integrating 'Data Science Moves' into CODAP.
Viewpoints Research Institute, Los Angeles, CA September 2016-January 2017
Consultant
Continuing collaboration with Aran Lunzer to develop interactive essays related to the impacts of data aggregation in 1- and 2-D.
Smith College, Northampton, MA 2015-present
Visiting Assistant Professor
At Smith College, my research program is focused on statistics education, statistical computing, data visualization, and spatial statistics. In Spring 2016, I worked with three post-baccalaureate students as part of the MTH 301 independent research seminar. We focused on Methods to Address the Change of Support and Modifiable Areal Unit Problems.

Viewpoints Research Institute, Los Angeles, CA

2013-2015

Graduate Intern

The Viewpoints Research Group is a research group with a variety of interests including the future of programming, internet-scale computing, and programming language design. I collaborated with other researchers on projects to improve statistical computing tools for novices (those with no statistics or programming experience). Examples include **LivelyR** with Aran Lunzer and **locatr** with Ted Kaehler. Director: Alan Kay.

Mobilize Project, Los Angeles, CA

2011-2014

Graduate Student Researcher

The Mobilize project brings data analysis and statistics to life by allowing high school students to collect information about the world around them using mobile phones, then analyze the data and do something with it. As a graduate student researcher, I developed curriculum to be deployed in LAUSD public high schools, including the innovative Introduction to Data Science course. Over hundreds of hours of professional development, I trained teachers on basic statistical concepts, use of inquiry in teaching, and basic statistical software. Principal Investigator: Rob Gould.

PEER-REVIEWED PUBLICATIONS

McNamara, A. Key attributes of a modern statistical computing tool. (submitted)

McNamara, A. On the state of computing in statistics education: Tools for learning and for doing. (submitted)

McNamara, A., and Horton, N. J. **Wrangling categorical data in R.** *PeerJ Collection* and special issue of *The American Statistician*. (in revision)

McNamara, A. Considering the gap between learning and doing statistics. *International Handbook of Research in Statistics Education*. In chapter 15, The Future of Research in Statistics Education. (in revision)

McNamara, A. Community engagement and subgroup meta-knowledge: Some factors in the soul of a community. *Computational Statistics*. (in press)

Catllá, A.J., **McNamara, A.** and Topaz, C. M. **Instabilities and patterns in coupled reaction-diffusion layers.** *Physical Review E*, Vol. 85, Issue 2. (2012).

OTHER WRITING

McNamara, A. Barriers and opportunities for nurturing statistical thinking before college *CHANCE*, Vol. 28, Issue 4. (2015).

McNamara, A. and Hansen, M. **Teaching data science to teenagers.** *Proceedings of the 9th International Conference on Teaching Statistics*. (2014).

McNamara, A. Dynamic documents with R and knitr (book review). *Journal of Statistical Software*, Vol. 56, Book Review 2. (2014).

TEACHING

Smith College Program in Statistical and Data Sciences

SDS/MTH 220: **Introduction to Statistics and Probability** (lecture)

Fall 2015, Spring 2016

SDS/MTH 220: **Introduction to Statistics and Probability** (lab)

Fall 2015, Spring 2016

SDS/MTH 291: **Multiple Regression**

Spring 2016, Fall 2016

MassMutual Data Science Development Program

Summer 2016

Week-long seminar on data visualization

University of California, Los Angeles	Statistics Department	2013-2015
STAT 98T: Data Visualization (Instructor of record, Collegium of University Teaching Fellows)		
STAT 101A: Introduction to Data Analysis and Regression (Teaching fellow)		
STAT 102B: Introduction to Computation and Optimization (Teaching fellow)		
STAT 101C: Introduction to Regression and Data Mining (Teaching fellow)		

Mobilize Project, Los Angeles	Professional Development Program	2011-2014
Professional Development: Exploring Computer Science (Leader)		
Professional Development: Math and Science (Leader)		
Professional Development: Introduction to Data Science (Leader)		

SHORT COURSES AND WORKSHOPS

Data Science for Statisticians	March 2017
ENAR, International Biometric Society	<i>Washington, DC</i>
Introduction to R (with C. Jones)	March 2016
NICAR, Investigative Reporters & Editors Conference	<i>Denver, CO</i>

INVITED TALKS

Data Science (tentative title)	March 2017
St. Olaf College	<i>Northfield, MN</i>
Bridging the Gap Between Tools for Learning and for Doing Statistics	November 2016
University of Minnesota	<i>Minneapolis, MN</i>
Bridging the Gap Between Tools for Learning and for Doing Statistics	March 2016
University of Massachusetts - Amherst	<i>Amherst, MA</i>
Statistical Programming— Past, Present, and Future	December 2014
California State University, Fullerton	<i>Fullerton, CA</i>

CONFERENCE PRESENTATIONS

The Incredible Importance of Variability	November 2016
THINK Conference	<i>Bay Area, CA</i>
Pushing the Boundary Between Tools for Learning and for Doing Statistics	August 2016
Joint Statistical Meetings	<i>Chicago, IL</i>
Graphics Software: Favorites and Best Practices (roundtable)	August 2016
Joint Statistical Meetings	<i>Chicago, IL</i>
The Importance of Parameter Manipulation for Statistics	July 2016
Society for Industrial and Applied Mathematics Annual Meeting	<i>Boston, MA</i>
Integrated R Labs for High School Students	June 2016
useR! The R User Conference	<i>Stanford, CA</i>
The Gap Between Tools for Learning and for Doing Statistics	May 2016
Electronic Conference on Teaching Statistics	<i>electronic</i>

Do you know Nothing when you see it? OpenVisConf	April 2016 <i>Boston, MA</i>
Implications for Curriculum (panelist) Alliance to Advance Liberal Arts Colleges (AALAC) Big Data Workshop	January 2016 <i>Wellesley, MA</i>
Using Data Visualization to Find Patterns in Multidimensional Data Big Data Day LA	June 2015 <i>Los Angeles, CA</i>
Teaching Data Science to Teenagers (invited talk, with M. Hansen) International Conference on Teaching Statistics	July 2014 <i>Flagstaff, AZ</i>
Teaching R to High School Students (with J. Molyneux) useR! The R User Conference	July 2014 <i>Los Angeles, CA</i>
LivelyR: Making R Charts Livelier (with A. Lunzer) useR! The R User Conference	July 2014 <i>Los Angeles, CA</i>
heR Panel Discussion (panelist) useR! The R User Conference	July 2014 <i>Los Angeles, CA</i>
Mobilize Project (with J. Margolis and L. Trusela) Math Science Partnership Learning Network Conference	January 2012 <i>Washington, DC</i>
Model and Optimization of Organic Photovoltaic Cells Joint Meeting of AMS and MAA	January 2010 <i>San Francisco, CA</i>

POSTER PRESENTATIONS

Pushing the Boundary Between Tools for Learning and for Doing Statistics Joint Statistical Meetings	August 2016 <i>Chicago, IL</i>
It Ain't Necessarily So: Checking Charts for Robustness (with A. Lunzer) IEEE Vis Conference	November 2014 <i>Paris, France</i>
Tools for Teaching Data Science Women in Statistics Conference	May 2014 <i>Cary, NC</i>
Data Visualization on the Soul of the Community Joint Statistical Meetings	August 2013 <i>Montreal, QC</i>
Model and Optimization of Organic Photovoltaic Cells Joint Meeting of AMS and MAA, San Francisco, CA Undergraduate Research Symposium, University of Chicago Macalester College, St. Paul, MN Institute for Mathematics and its Applications, Minneapolis, MN	January 2010 November 2009 October 2009 July 2009

ADDITIONAL CONFERENCES AND WORKSHOPS ATTENDED

Youth, Learning and Data Science Summit (invited participant) University of California, Berkeley	August 2016 <i>Berkeley, CA</i>
------------------------------------------------------------------------------------------------------------	------------------------------------

Teaching Integrity in Empirical Research Workshop (faculty fellow)
Haverford College

June 2016
Haverford, PA

rOpenSci hackathon (invited participant)
Open Science Hackathon

March 2014
San Francisco, CA

LOCAL CONTRIBUTIONS

What's Missing? Identifying the Gaps, Biases, and Omissions in Digital Data

Guest lecture in IDP 160: Digital Effects, Smith College

October 2016

Futurisms, part II: Intersections: Digital Humanities, Interactive Media and Cultural Heritage (faculty fellow)

Smith College Kahn Institute

February 2016

Futurisms, part I: The Ten Thousand Year Collection (faculty fellow)

Smith College Kahn Institute

December 2015

Using Data Visualization to Find Patterns in Multidimensional Data

Guest lecture in CS 342: Statistical Learning, Hampshire College

November 2015

Using Data Visualization to Find Patterns in Multidimensional Data

Western Mass Data Science, Stats, and R Meetup, Amherst, MA

November 2015

Eyeo Highlights

Datavis LA Meetup, Los Angeles, CA

August 2014

SERVICE TO DEPARTMENT, PROFESSION, AND COLLEGE

Joint Statistical Meetings Chicago, IL

2016

Session Chair

- Toward Better Communication of Information with Statistical Graphics – Contributed Papers
- Reproducibility in Statistics and Data Science – Invited Papers (substitute chair)

Smith College Statistical and Data Sciences Program Committee

2015-present

Faculty member

- Assisted in developing the major in Statistical and Data Sciences (approved April 2016).
- Voted on departmental policy about honors theses, special studies, course waivers, and the like.
- Organized invited talk by Amanda Cox (long time member of the graphics team at The New York Times, now editor of The Upshot), attended by almost 200 people from the college and community.
- Organizing invited talk by Christine Zhang '09 (alumna and recipient of 2016 Mozilla Open News Fellowship, currently working for the LA Times).
- Managing Twitter presence @SmithCollegeSDS.

Five College DataFest

2015-present

Co-organizer with Ben Baumer.

- Planned and executed a weekend-long data hackathon event for more than 100 undergraduate students from Smith, Mt Holyoke, Hampshire, Amherst, and UMass Amherst.
- Managed social media, including Wordpress website and Twitter presence @FiveCollegeStat.
- Recruited data science experts to serve as VIP visitors and judges.
- Solicited donations from corporations like Google and RStudio.
- Coordinated prizes and swag for students.

- University of California, Los Angeles DataFest** 2012-2015
Planning Member
- As a graduate student, assisted in planning and executing the 2012, 2013, and 2014 UCLA DataFests for undergraduates, attended by 100-200 undergraduate students from UCLA, the University of Southern California, Pomona College, California Polytechnic State University San Luis Obispo, and the University of California, Riverside.
 - Managed Twitter presence @UCLADataFest.
 - Served as on-the-ground-advisor for students at the event, discussing ideas and coding issues.
 - Assisted in coordinating donations and swag from corporations like GitHub, Google, Revolution Analytics, and RStudio.
- Los Angeles useR! Conference Organizing Committee** 2013-2014
Planning Member
- Assisted in planning and executing the 2014 international R user conference (700 attendees).
 - Recruited and coordinated 80 student volunteers.
 - Assisted with conference website before, during, and after the conference.
 - Promoted conference on social media, encouraged minority participation.
 - Supervised on-the-ground conference logistics, including registration, catering, and facilities services.
- UCLA Graduate Student Orientation Planning Committee** 2012-2013
Tour Coordinator
- Helped plan and execute the 2012 and 2013 UCLA grad student orientations, attended by 1,000+ incoming graduate students each year.
 - Discussed general orientation issues, such as panel topics and logistical concerns.
 - Organized and trained 15 volunteer tour guides to lead tours campus.
 - Prepared tour materials and checked routes for North Campus, South Campus, and General tours.
 - On the day of orientation, coordinated hourly tours and assigned tour guides to routes.
- Macalester College Admissions** 2013-present
Volunteer interviewer and college representative
- Performed alumni interviews of prospective students applying to Macalester in Southern California and Western Massachusetts
 - Represented Macalester at the 2015 Vistamar College Fair, answering questions about Macalester and the admissions process
- Southern California AP Statistics Poster Competition** 2014
Judge
- Judged entries to the 2014 Southern California AP Statistics Poster Competition
- UC Day in DC** May 2013
University of California, Los Angeles Delegate
- Represented UCLA and graduate student interests at the University of California's annual federal advocacy day in Washington, DC.
 - Met with congress members and their staff to discuss Federal funding for programs impacting grad students.
- UCLA Graduate Resource Center Oversight Committee** 2011-2012
Voting Member
- Assisted in developing a new strategic plan for UCLA's graduate resource center

Ad-hoc referee

2014-present

Journals:

- Journal of Statistical Software (JSS)
- Statistics Education Research Journal (SERJ)
- Technology Innovations in Statistics Education (TISE)
- The American Statistician (TAS)
